

Symposium 19: instructions for access, and format and operation

1. Symposium 19 will display pre-recorded videos of the invited speakers. The link to the videos will be available in the meeting WebApp during from September 2-4.
2. The program of the symposium includes two round-table discussions of approx. 30-40min, as indicated in the proposed program. The access to the round-table discussion is found together with the videos. The platform to be used is: ZOOM
3. The access to the round-table discussion room will be open 10 minutes before the session start. A limited number of people (60) will be allowed to enter in the "room." First come - first served. To avoid interruptions, the chair of the session will not allow participants to enter in the room from 5 minutes after the start of the session.
